

THE BERRIES CROP IS COMING

Spring came and brought hope, new colors and new fruits, in a unexpected global context, never experienced before. In spite, the context that we are living, I want to inform that our first delicious **PORTUGUESE Frozen Red Fruits** from the 2020 campaign are available.

We have already started receiving the Strawberry and Raspberry, although it is arriving at a slow pace on this beginning. According to the information of our producing partners, we will have a campaign of good quality and quantity, similar to 2019. If it happens, we will keep the excellent conditions to supply industry or retail of Blueberries, Raspberries, Blackberries and Red Currants.
